

Memorandum of Understanding: Unite the Right Pact

Preamble: British Columbians cannot afford another term of David Eby's NDP government. To defeat the NDP, restore prosperity, and protect the fundamental freedoms of British Columbians, the political right must be united.

Recognizing that a fractured right only serves the establishment, Yuri Fulmer (Candidate for Leader of the Conservative Party of BC) and MLA Dallas Brodie (Leader of OneBC) have forged this mutual pact to guarantee a united, solid conservative front in the next provincial election.

The Terms of Agreement: This Memorandum of Understanding outlines the definitive electoral and governing alliance that will be executed upon Yuri Fulmer's election as Leader of the Conservative Party of British Columbia.

1. The Electoral Collaboration Pact:

- To ensure a single, united alternative to the NDP, the OneBC Party commits to not nominating or authorizing candidates in 88 of British Columbia's 93 electoral districts.
- In exchange, the Conservative Party of BC, under the leadership of Yuri Fulmer, commits to not nominating or authorizing candidates in five (5) specific electoral districts.
- OneBC will be the sole standard-bearer for the right in those five districts. The specific ridings will be determined through mutual negotiation and finalized immediately following the Conservative leadership election.

2. The Governing Alliance:

- Following the next provincial election, should the Conservative Party of BC and OneBC collectively secure a majority of seats in the Legislature, the two parties agree to enter into a formal Confidence and Supply Agreement.
- Under this agreement, OneBC will provide confidence to a Conservative government, strictly contingent upon Yuri Fulmer serving as Premier of British Columbia.

Implementation & Ratification: This Memorandum represents a personal commitment between Yuri Fulmer and Dallas Brodie to unite the right. Both leaders commit to publicly advocating for this framework.

Upon Yuri Fulmer's successful election as Leader of the Conservative Party of BC, he will immediately utilize his mandate to formally ratify this pact as the official electoral strategy of the Party.
